Good News.

No more Chills and Ague in this section. Our Druggists are selling an article called "AUGUST CONGRESS". It is about the only satisfactory preparation sold. It is a safe, reliable, infallible and efficacious Remedy. The Proprietor of the AUGUST CONGRESS has used but little energy to make this medicine known, and yet its sale is increasing in this country. It is a safe, reliable Remedy. I have no doubt that the Secretary organ so effectually that the Chills do not return when persons have had them for years. Entire vegetable preparation. Price, 50 cents and \$1 per bottle. Two doses will do the work. For sale by all first class druggists in the United States.

LIVE CONVENTION TOPICS.

GOING TO DO IT TWICE A DAY.

HERMAYER.

The Treasurer Reaches to Pay the
Delegates Over the Appropriation
—The Business for the coming
Week.

THE SCHOOLS ALL RIGHT.

The convention went over the same dreary ground of reconsideration on yesterday. It was not until 12 o'clock, about two-thirds of the day, that the business was again before any new business was reached.

The educational report was taken up, and the public schools supported, on the condition that they have not been interfered with in the matter of English education. A decision of the supreme court resting precisely what is meant by "the elementary branches" will be next in order.

As far as evidence of the prevailing mania for amending everything, was shown yesterday, when some member noting the words "shall provide for a system of education" in a new strike.

There was a sound and spicy speech, pending the debate on this subject. It may be safely assumed that the schools will be left in pretty much the condition reported by the committee, which is an improvement on the present outlook.

SHALL THEY BE PAID?
The Treasurer Hesitates About Paying
the Members any Further
Money.

A very intricate question has been raised at the state treasury in respect to the payment of the expenses of the convention. It will be necessary to be in the act of paying the expenses of the convention, the legislature restricted the cost of the convention to \$25,000, and appropriated that sum with which to meet its expenses.

This sum has already been more than exhausted, and the treasurer, in the exercise of that caution due the state and its bondholders, has decided not to pay over the amount appropriated, but to pay it by a competent legal and official committee.

The point that caused him to take this step is that he had been informed that the Chills do not return when persons have had them for years. Entire vegetable preparation. Price, 50 cents and \$1 per bottle. Two doses will do the work. For sale by all first class druggists in the United States.

THE next report in order will be the legislative. This will involve the railroad men.

—Governor Brown had an able and stinging pamphlet on the desks of the members yesterday answering the charges of the railroad men.
